

WRAP IT UP!

Everyone is running out of time to get ready for the holidays. And the ice has made everything even more difficult. You have sprained your wrist slipping in the mall parking lot, but you still need to wrap the presents you bought. Cooperate with your team to get the job done! Sing along to make the task more fun!

Challenge: Wrap a box with gift wrap and ribbon. However, each team member can use only one of his or her hands during this task. At the same time, sing a original song to celebrate the season.

Time: Part One: You will have 3 minutes to decide how to wrap your package with the complication that each team member must always hold one hand behind his or her back. Also, the team will also compose a song during this planning period. You may not touch the materials during Part One.

Part Two: You will have 2 minutes to actually wrap your package and sing your song for the appraisers. Remember, only one hand for each team member! Everyone can sing!
